CRH

ENT, MRI & Diagnostics

CRH ENT, MRI & Diagnostics brings to Delhi NCR a unique concept of a dedicated single speciality ENT centre and the complete range of diagnostic services under one roof. Despite a plethora of multispecialty hospitals around, there is a dearth of domain specialist healthcare centres. This is where **CRH ENT, MRI & Diagnostics** comes into the picture.

We bring to you a world of cutting-edge technology and seasoned specialists with enormous expertise.

Our state-of-the-art ENT facility offers diagnosis and management of several ENT & Head & Neck related problems.

Our Advanced Radiology & Laboratory services are world-class and reliable despite being low on cost.

YEARS OF
EXPERIENCE

CRH ENT, MRI & Diagnostics will be a benchmark in providing premium care and effective treatment to its patients at a reasonable cost. We strive to redefine the healthcare facilities and medical care offered with standardized protocols and refined techniques. The team of A-class AIIMS-qualified doctors with decades of experience in ENT and Radiodiagnosis take effective care of patients with compassion - a core value of our mission.

OUR VISION & MISSION

We aim to be one of the leading hospitals for ear, nose and throat and diagnostic services not only in North India but the entire length and breadth of our nation.

Our mission is to deliver the best of healthcare, with the finest expertise, and highest precision using the latest technology at an affordable cost to all.

OUR MOTTO

“Celebrate Real Health”

OUR VALUES

Care

We remain sensitive and concerned toward our patients and the community we serve.

Creativity

We try to bring out innovative ways to heal patients' apprehensions and switch to more modern know-how in the rapidly changing ENT & Diagnostic healthcare system.

Compassion

We form a respectful, caring and sympathetic ecosystem. We listen to patients with empathy and sensitivity alongside respecting their emotional state.

DR. RACHANA GARG

Director & Co-founder

Graduate, Postgraduate and Senior Resident from the prestigious All India Institute of Medical Sciences (AIIMS), New Delhi, **Dr. Rachana Garg** holds expertise in women imaging, fetal imaging, breast imaging and has a special interest in Head and Neck Imaging.

Dr. Rachana Garg has been contributing academically by delivering lectures at National and State level conferences. She started her Radiology practice in Greater Noida in 2007. Over close to two decades, she has won the trust, love & respect of her patients for her accuracy, compassion and commitment to her work. She has been appreciated for her health welfare activities by social organisations and has received several prestigious awards for the same.
